DARE TO DREAM

This is a Parker Place resident who was a former public transit driver in Waterloo who dressed up every Christmas for his passenger to make their season a little brighter. When Parker Place discovered he had a dream of dressing up as Santa Claus, we notified the local elementary school to let them know about a dream we wanted to fulfill for this resident. On December 22, Parker Place was able to fulfill his dream and he put on his Santa Suite once again and brought holiday cheer to the local elementary children. He had a smile for everyone! And Parker Place was able to fulfill his dream!
