

The Beenken's Say "I Do"... Again

Jean and Orville Beenken have been residents at Parker Place for the last three years. On February 8th, 1952, the couple said "I do" and have been inseparable ever since. The couple spent their early years of marriage working hard. Jean was a kindergarten and first grade teacher and Orville worked at the elevator. A few years into their marriage, they had their only son Galen who now lives in Minnesota.

On February 8th, 2019, the Beenken's got to say "I do" one more time and renew their commitment to one another. Jean and Orville dressed in their Sunday best and their pastor from the Hope Reformed Church performed a beautiful ceremony. The Beenken's were surrounded with friends, staff members, and a very special surprise guest, Galen. After the ceremony, the Beenken's were showered with love, fellowship, and many delicious sweet treats.

The renewal of vows and the support of their fellow residents brought joy to the Beenken's hearts. A second wedding was something they never imagined being able to do and they now have a memory to keep with them for a lifetime.
