

Jacque's Purr-fect Day

This is Jacque! Jacque is new to the Parker Place family and we have had so much fun getting to know about this wonderful lady! Jacque moved to Parker Place from Arizona where she spent a lot of her free time in her younger years volunteering at the Humane Society. Jacque is a huge animal lover, but her favorites are dogs and cats. Her room is full of cat trinkets so we wanted to make Jacque's dream of having her own special friend a reality.

On April 23rd, we told Jacque we were taking her to the Cedar Bend Humane Society and she cried happy tears as she was so excited! On the way we treated Jacque to a lunch of her choice and she chose McDonalds saying "she hadn't had McDonalds in years!" After lunch we let Jacque play and love on all the dogs and cats and then we told her she got to take one home with her! Jacque was over the moon to pick out a friend! She found her perfect match, Ranger!

Parker Place also surprised Jacque with all the supplies and toys Ranger needs and had it all ready for her when we returned back to Parker Place.

Jacque found a forever friend in Ranger and keeps saying how happy she is that "they will grow old together and have a great life!" Jacque is loving having a companion and loves showing Ranger to the other residents and staff!
