

## Lloyd and His Chicks

Everyone meet Lloyd! Lloyd loves telling stories, eating ice cream, and most of all, he loves animals. When Lloyd moved to Parker Place, the hardest thing for Lloyd was not having all of his animals. When Lloyd was living at home he had all kinds of animals; dogs, cats, birds, and chickens.

On April 6<sup>th</sup>, 2019, Parker Place got Lloyd his own chicks for the day. Lloyd enjoyed holding, feeding, and caring for the chicks. He said it was one of the best days he can remember in a long time.

While we brought in the chicks thinking of Lloyd, Parker Place used it as an opportunity to celebrate Easter with the community. Local kids came in; Lloyd enjoyed showing the kids the proper way to care for the chicks and gave the kids a lot of knowledge on animal care and life on the farm.
